## **EXHIBIT G**

### **DETAIL MAPS OF THE PROJECT AREA**

#### **1.0 PROJECT MAPS**

Detail maps of the Project area are included as Sheets G-00 through G-77 (78 sheets) of Exhibit G. As required by Section 4.51(h) of the Commission's regulations, these maps show the location of the Project Boundary Line (PBL) and other principal features of the project. The elevations on all Exhibit G maps have been converted from Plant Datum (PD, used in numerous supporting studies for this license application and often erroneously referred to as MSL) to North American Vertical Datum of 1988 (NAVD88). Conversion from Plant Datum to NAVD88 requires the subtraction of 1.50 feet.

#### **2.0 LIST OF PROPERTY OWNERS ADJACENT TO THE PROJECT**

A list of property owners adjacent to the Project is provided in Exhibit G-78. It should be noted that in the case of larger properties which were adjacent to the Project boundary and which were later subdivided, all of the individual lots in the subdivision are listed as adjacent property, although some of these lots are not strictly adjacent to the Project boundary at the present time. This information is current as of January 1, 2008.
